

## PROPHECY UPDATE 2020 A THIEF IN THE NIGHT! PART 1

Welcome to our twenty-sixth prophecy update. I started teaching this when I was seven!  
Okay, maybe twelve!

I don't know about you, but over the last twenty-six years, things have changed a lot in regard to Bible prophecy!

Years ago there would be something here and there related to Bible prophecy but today, it is happening so quickly it is hard to keep up with all that is going on in the world and how it relates to Bible prophecy.

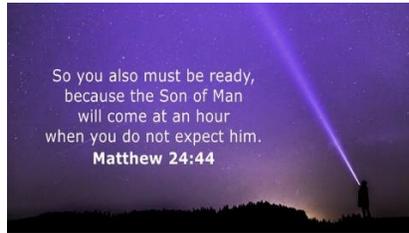

And when you just look back over the year 2020, I know most of us don't want to do that, it was bad enough going through it once, but we are going to do that and I think you will see that we are moving faster and faster to the return of the Lord.

I have called this study - ***A THIEF IN THE NIGHT!***

And the reason for that is I believe that many in the church today are totally unaware of what is going on around them. They either don't care or are afraid to know what is happening and thus, they just don't want to be bothered with it.

And yet, we are told to be watching for the Lord's return because He is coming back! And that is our glorious hope, not in this world, not who the President of the United States is, but the ***LORD IS COMING BACK!***

Remember that Jesus held the Jewish people accountable for not knowing the time of His first coming.

We are told in Luke 19:41-44, **“Now as He drew near, He saw the city and wept over it, saying, ‘If you had known, even you, especially in this your day, the things that make for your peace! But now they are hidden from your eyes. For days will come upon you when your enemies will build an embankment around you, surround you and close you in on every side, and level you, and your children within you, to the ground; and they will not leave in you one stone upon another, because you did not know the time of your visitation.’”**

How could they have known this information?

Because the Scriptures taught of the coming Messiah, what He was to do. He was to heal the sick, raise the dead and-so-on. But they did not see it in Jesus because they chose not to.

Not only that, but the prophet Daniel spoke of the exact day that Messiah was to ride through Jerusalem as the Messiah their King. And Jesus did just that on what we call Palm Sunday, the only time He let them herald Him as the Messiah the King!

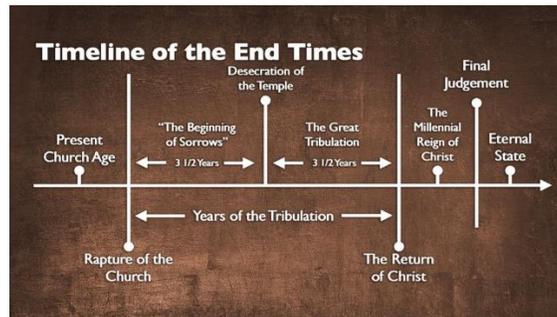

And, even if they did not know the exact date, they knew the season and it was time and they either didn't care or they just refused to see it!

And I see that today where Christians are just going on and doing their own thing, they are not prepared to meet their King, and that is wrong. If Jesus held the Jewish people accountable for not knowing the time of His first coming, with the over 300 prophecies related to that, how much more will He hold us accountable for not knowing the season of His second coming with the over 500 prophecies related to it.

Yes, over 500 and that tells me that Jesus wants us to know the time of His coming. We don't want to see Jesus come as a thief in the night where we are unprepared!

Remember what Paul said in I Thessalonians 5:1-11 regarding the coming of the Lord, **“But concerning the times and the seasons, brethren, you have no need that I should write to you. For you yourselves know perfectly that the day of the Lord so comes as a thief in the night. For when they say, ‘Peace and safety!’ then sudden destruction comes upon them, as labor pains upon a pregnant woman. And they shall not escape. But you, brethren, are not in darkness, so that this Day should overtake you as a thief. You are all sons of light and sons of the day. We are not of the night nor of darkness. Therefore let us not sleep, as others do, but let us watch and be sober. For those who sleep, sleep at night, and those who get drunk are drunk at night. But let us who are of the day be sober, putting on the breastplate of faith and love, and as a helmet the hope of salvation. For God did not appoint us to wrath, but to obtain salvation through our Lord Jesus Christ, who died for us, that whether we wake or sleep, we should live together with Him. Therefore comfort each other and edify one another, just as you also are doing.”**

What Paul is basically saying here is, *“Whether we’re talking about the general time or a specific moment, brethren, I don’t have to write to you about this again. I don’t know the exact time because as I’ve already told you the day of the Lord will come as a thief in the night (suddenly and without warning - starting with the Rapture).”*

And I want you to notice here that as Paul opens up this chapter he speaks of **“you”** and he is speaking to believers.

But then Paul says **“they”** and he is no longer speaking to believers, but to the unsaved. It is when they say **“Peace and safety”** that sudden destruction will come upon them!

Why is that important?

Because we will not be here, the Church will be caught up prior to the start of the Tribulation Period, we will meet the Lord in the air!

And, as the Church Age comes to an end, God deals with the nation of Israel once again to finish the last 7-year period of time that He spoke of in Daniel chapter 9.

Also, during the Tribulation Period God will pour out His wrath on a Christ rejecting world, His judgment will be poured out!

With that said, what I would like to do this evening is look at some of the things that are happening in this world and see how they relate to Bible prophecy. And I think you will clearly see that things are moving very quickly towards what the Bible calls the Time of Jacob’s Trouble or the Seven Year Tribulation Period!

Now, one more point here before we look at what is going on in the world. And that is all the information we are being bombarded with, and some of it is truth and some of it is not. And they are all mixed together, and I think there is good reason for this, and many times, we even help promote it.

It causes confusion, it causes doubt after you have been fooled several times and it moves us away from what is really happening and what the Lord has said about it.

Listen to this article on truth and error. We are told,

Some years ago, during a Christian leaders' conference, the speaker for one particular session covered the topic of discerning truth from falsehood.

To illustrate a particular point he asked those in the room to turn around and, from where they were seated, tell him whether the flowers in the vase at the back corner of the room were real or artificial. His audience dutifully complied and, after a brief pause whilst each person formed an opinion, a 'babel' of mixed opinions broke out in the room.

"I think they're real!"

"No, they're not!"

"Yes they are!"

"Hold it" counselled the speaker, "I have made my point."

The truth of the matter, as the speaker went on to outline, was that the vase contained some flowers that were real; but these were mixed in with others that were completely artificial.

And in the varied responses of the conference delegates, two things were apparent –

- each person came to an opinion based on a judgement of the particular flower on which his eyes first fell
- each person then assumed that all the other flowers were of the same ilk [kind]

So part of the lesson, which the speaker very aptly illustrated, was that we are all prone to focus on what is a small element of a bigger picture or situation and then, having come to a view, extrapolate our initial opinion and argue from the particular to the general on the assumption that the whole scene is homogenous - the same throughout.

- <https://bit.ly/3kLLIR2>

In other words, we do need to be careful because if we start speaking forth lies that we have read, and people show that those are truly lies, then they are going to be less likely to hear what we have to say because they will assume all that we speak will be lies!

So, my prayer as we go through this study is that you would see what the Bible has to say and what is going on in this world and it would cause you to draw close to the Lord. This is not to frighten anyone but knowing what is going to happen should dispel that fear and then cause us to be a witness of the Lord!

### **ONE-WORLD GOVERNMENT**

The first point I would like to look at in regard to Bible prophecy is this idea of a One-World Government!

We see this spoken of in the Old Testament book of Daniel. We also see it spoken of in Revelation, but in Daniel chapter 2 we see that the King of Babylon, Nebuchadnezzar has a dream and no one is able to explain it, and Daniel comes forward and tells the King that the God he serves will answer his dream, God will tell him what it means!

And Daniel explains that this multi-metallic image that he saw represented Kingdoms of the world, beginning with Nebuchadnezzar's Kingdom, the head of gold.

From there we move to the chest and arms of silver, which represented the Medo-Persian Empire.

And the Medo-Persian Empire was destroyed by the belly and thighs of silver in this image or the Grecian Empire.

And the Grecian Empire was destroyed by the Roman Empire, who was not destroyed, but they kind of fell apart, they rotted from the inside you might say. They were represented by the legs of iron.

Now, that Roman Empire is going to be revived in the last days and I believe we are seeing it happen before our eyes.

And, interestingly enough, on this image that the King of Babylon saw, this last Kingdom was made of iron and clay or it was partly strong and partly weak.

I believe what this is speaking of is all the Kingdoms of the world united together into a One-World Government and Rome or Europe will be ruling over the other Kingdoms.

And it is during the time of these Kings who are ruling over these Kingdoms, that **“the stone was cut out of the mountain without hands”** and it destroyed these other Kingdoms.

And I believe that it is during the seven-year Tribulation Period that these Kings will rule and it is at the end of that period of time that Jesus Christ, the Rock, who returns and puts down man's rebellion and He sets up His Kingdom on this earth and, as Daniel said, **"The dream is certain, and its interpretation is sure."** Daniel 2:49. In other words, you can take it to the bank, this is going to happen!

Now I do understand that some think that this is crazy, we would never become part of a One-World Government!

Listen to what Wikipedia has to say about this One-World Government conspiracy, or so they say. And you know if it is in Wikipedia, it has to be true.

This is what they said,

The **New World Order (NWO)** is a conspiracy theory which hypothesizes a secretly emerging totalitarian world government.

The common theme in conspiracy theories about a New World Order is that a secretive power elite with a globalist agenda is conspiring to eventually rule the world through an authoritarian world government - which will replace sovereign nation-states - and an all-encompassing propaganda whose ideology hails the establishment of the New World Order as the culmination of history's progress.

Many influential historical and contemporary figures have therefore been alleged to be part of a cabal [group] that operates through many front organizations to orchestrate significant political and financial events, ranging from causing systemic crises to pushing through controversial policies, at both national and international levels, as steps in an ongoing plot to achieve world domination.

- Wikipedia

I don't know where they got that information but that is fake news. They just need to listen to the leaders of the world and what they are saying about the New World Order. They just need to listen to the Pope and what he has to say about the New World Order.

But again, no matter what they may, like Daniel said, this is coming to pass, and I believe we are seeing it happen right before our eyes!

You see, what was a secret before, is now out in the open and they are not afraid to speak of it. Watch this video and listen closely to what the Mayor of Chicago, Lori Lightfoot has to say about the New World Order. [<https://bit.ly/36IRSxi>]

Now some say that this was taken out of context, that she did not mean new world order when she said new world order.

This is what the Chicago Tribune had to say about this,

“You pick the people to run those agencies and the deputies that are pledging allegiance to the new world order and good governance,” Lightfoot said.

Social media users are sharing an edited, one-minute video clip of that comment to suggest she is talking about trying to overthrow the government with a “New World Order.” Other social media posts share a screenshot of her quote to make the misleading claim.

- <https://bit.ly/390LYJL>

So what does she mean about pledging allegiance to the new world order if she does not mean pledging allegiance to a new world order? It is an interesting choice of words.

Now, if that is all that there was to this, then I would have to agree, there is nothing else to support it and we should just let it go.

But when you listen and see what is going on in this world, what is happening in our nation, we are moving towards a One-World Government!

Let me show you what I mean. This is from The Internationalist and International Institutions and Global Governance Program and the article is called, *An Open World Is in the Balance - and on the Ballot.*

And listen to what they have to say about our election, what is in the balance for them.

We are told,

As Americans cast their ballots Tuesday, and indeed for the millions who already have, they are voting for the future not just of their own country, but of the open world that the United States helped create. A distinctive element of this global order, particularly since the fall of the Berlin Wall, has been the removal of many restrictions on cross-border flows of goods, money, ideas and even people.

Under every American president since the Cold War, until Donald Trump, the United States championed global integration as a motor of prosperity, a bulwark of peace and - at least implicitly - a source of solidarity. It is that open world that is on the ropes today, thanks to disillusionment with globalization, Trump's nativist and anachronistic "America First" policies and, more recently, the COVID-19 pandemic, which has dramatically curtailed cross-border exchanges.

- <https://on.cfr.org/2US7nMR>

Do you understand why this election was so critical to the progressives or socialists who want to unite this world into a New World Order and Donald Trump has been stifling their efforts to do that. He is a patriot, and he stands for the American people but that is not what the New World Order wants, and they are doing everything possible to stop it!

And if you did not see this coming, you are burying your head in the sand. Listen to these quotes and you will see what I mean about leaders who are speaking of this.

“The Persian Gulf crisis is a rare opportunity to forge new bonds with old enemies (the Soviet Union). Out of these troubled times a New World Order can merge under a United Nations that performs as envisioned by its founders.”

George Bush,  
September 11, 1990

“Two centuries ago our forefathers brought forth a new nation; now we must join with others to bring forth a new world order.”

32 U.S. Senators and 92 U.S. Representatives  
in Washington, D.C. on January 30, 1976,  
signed a “Declaration of Interdependence.”

“Today, America would be outraged if U.N. troops entered Los Angeles to restore order [referring to the 1991 LA Riot]. Tomorrow they will be grateful! This is especially true if they were told that there were an outside threat from beyond [i.e., an “extraterrestrial” invasion], whether real or \*promulgated\* [emphasis by original compiler], that threatened our very existence. It is then that all peoples of the world will plead to deliver them from this evil. The one thing every man fears is the unknown. When presented with this \*scenario\*, individual rights will be willingly relinquished for the guarantee of their well-being granted to them by the World Government.”

Henry Kissinger speaking at Evian, France, May 21, 1992  
Bilderbergers meeting

“Further global progress is now possible only through a quest for universal consensus in the movement towards a new world order.”

Mikhail Gorbachev,  
in an address at the United Nations (December 1988)

“We are grateful to The Washington Post, The New York Times, Time Magazine and other great publications whose directors have attended our meetings and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subject to the bright lights of publicity during those years. But, the work is now much more sophisticated and prepared to march towards a world government. The supranational sovereignty of an intellectual elite and world bankers is surely preferable to the national autodetermination practiced in past centuries.”

David Rockefeller,  
(founder of the Trilateral Commission), in an address  
to a meeting of The Trilateral Commission, in June, 1991

“We are on the verge of a global transformation. All we need is the right major crisis and the nations will accept the New World Order.”

David Rockefeller

“In short, the ‘house of world order’ will have to be built from the bottom up rather than from the top down. It will look like a great ‘booming, buzzing confusion.’ To use William James’ famous description of reality, but an end run around national sovereignty, eroding it piece by piece, will accomplish much more than the old-fashioned frontal assault.”

Richard N. Gardner,  
in Foreign Affairs, April 1974

“We are at present working discreetly with all our might to wrest this mysterious force called sovereignty out of the clutches of the local nation states of the world.”

Professor Arnold Toynbee,  
in a June 1931 speech before  
the Institute for the Study of International Affairs in Copenhagen.

“How I Learned to Love the New World Order”

Article by Sen. Joseph R. Biden, Jr.  
in The Wall Street Journal (April 1992)

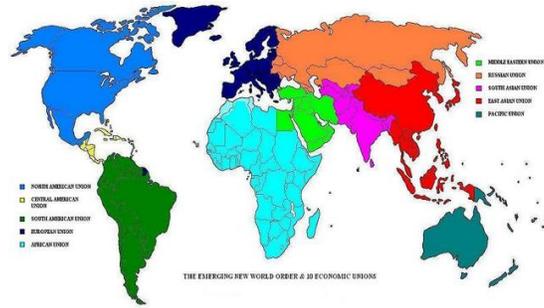

Make no mistake about, we are moving quickly towards this One-World Government, not because these leaders are telling us that or are because they are moving us in that direction. No, the reason is that God has already told us this is going to happen, and we are seeing it come to pass in the days we are living in.

Now for those of you who may have not heard this before, I need to lay some groundwork for you so you understand that this is not something that just started within the last 20 or 30 years or so, it has been on the drawing board for a long, long time. And I think you saw that with the various quotes that I showed you. But you also need to understand that the world has been divided up into ten kingdoms.

And that does correspond to the ten toes of the image that King Nebuchadnezzar saw, and Daniel's interpretation is that this is the last world kingdom before Jesus Christ returns to set up His Kingdom on this earth. (See Daniel chapter 2)

In fact, way back in 1968 the Club of Rome had its beginnings with leaders from ten different countries gathering together for solutions to the world's problems and their claim was that they had the answers for peace and prosperity for the world.

Then, on September 17, 1973 the Club of Rome released this report: Regionalized and Adaptive Model of the Global World System. This document divides the world into ten political/economic regions that they call, interestingly enough, “kingdoms.”

But you look at many American's today and they are not ready to give up their sovereignty and comply with this New World Order. Yes, many are, but many are not.

So, to get people to comply, you have to control their lives from birth until they die and everything in between!

And what works is what we see happening in our country and it is called – ***SOCIALISM!***

For socialism to work the government has to have absolute control on the people. In other words, they control your medical, your food, what you can buy, your entire life. You see, that is why they are after small business, to remove them from the system so that their big businesses can control everything that you need!

Now, to keep tabs on people and make sure that they are complying to what you want them to do, you need to have some kind of surveillance system to watch them.

I don't want to freak you out, but today in America, the average American is filmed some 238 by security cameras each week!

By 2021 it has been estimated that around the world, there will be an estimated one billion security cameras filming around the world, and of that one billion, some 10 to 18% will be in the United States alone!

Think about this. According to a study, they “. . . concluded that the average person would be filmed 14 times while walking around their own neighborhood, 160 times while driving, 40 times while working, and 24 times while shopping in just a single week.” (Newsbytes September 30, 2020)

This article goes on to say, “While the estimated number of times per person being on camera weekly is 238, that number could surely increase drastically as facial recognition technology becomes more widespread. Especially with controversial facial recognition company Clearview AI – which has built a database of more than 3 billion images taken from Facebook, Instagram and other sites, being funded for \$8.6 million dollars.” (Newsbytes September 30, 2020)

Also, socialism requires a totalitarian dictatorship! If you doubt that some leaders are for this, let me share this with you. We are told,

Some of Bernie Sander’s campaign organizers in Iowa and South Carolina were caught on tape in early 2020 advocating violence, slave labor, and the Stalinist repression of dissents as part of their socialist/Marxist program.

“I always said that I’m a Communist,” said one. “I believe everything has been formed by class struggle. I’m all about the complete seizure of the means of production, nationalizing everything. Guillotine the rich.”

- Dr. Peter Jones, *On Socialism, Hope for the World*, Spring 2020, p.10

That is interesting because the Bible talks about beheading people during the Tribulation Period! Also, socialism requires the removal of guns. Why is that? So that the people can’t fight against what they are doing! We are also seeing a push for that by the Democratic party!

It requires a moral revolution, and we have seen that happen so quickly in our nation! Let me show you what they want to do. This is from their book, *Imagine Living in a Socialist USA*. Listen what they wrote in a chapter called “*How Queer Life Might Be Different in a Socialist USA*” They wrote,

The current norms of male and female will be things of the past.

LGBTQ people will have the same access to “all cultural, social, political and economic structures.”

Marriage will be for all with no special privileges attached to it.

Sexual relations between 16 year-old-boys and 40 year-old-men will be seen as positive and healthy.

Think this is far removed?

During the Obama administration, we already honored a known sexual predator, Harvey Milk, with a state holiday, his own commemorative stamp and the Presidential Medal of Freedom.

- Dr. Peter Jones, *On Socialism, Hope for the World*, Spring 2020, p.11

Let me say this, and this is from October 23, 2020, before the Presidential elections. We are told,

In 1949, “1984” by George Orwell was published. It described a government that controlled the lives of their citizens from morning until night. There was no part of the citizens’ life that the government did not control.

Most people who read “1984” thought that George Orwell was simply writing about a communist government but George Orwell was an insider in the push for a one world government which would be a communist government on steroids. George Orwell died in 1950 at the age of 47.

James Warburg, a member of FDR’s “brain trust,” testified before the Senate’s Foreign Relations Committee on February 17, 1950, “We shall have world government whether or not you like it - by conquest or consent.”

Everything Barack Obama did pushed this country in the direction of a one world government. If Donald Trump had not been elected president, we might already be part of a one world government and with each passing day the government would control more and more of our lives until they totally controlled our lives.

The socialist system we are living under now is nowhere near what the Democrats want to give us. Donald Trump wants us to keep the freedoms we have and to be free to do anything that does no harm to others who are not threatening to harm us.

Bill Maher said that we need to eliminate religion to save this country. Voting for a Democrat is voting for a one world government.

And now for the Global Reset! It is a meeting put on by the United Nations and they will gather international business and political leaders, economists and other high-profile individuals to discuss global issues.

And, as Patrick Wood reminds us, “For decades, the global elite hid their plans behind environmental extremists, but now they have fully revealed themselves as being the master architects from the very beginning. The World Bank, IMF and Bank for International settlements are in a coordinated tryst [rendezvous] to reform the planet.” (Technocracy News Editor – Patrick Wood)

Let me give you an idea about this meeting that was supposed to take place in January 2021 but is being put off to a latter date due to the Covid-19 issue.

We are told,

Driven by the vision of its influential CEO Klaus Schwab, the WEF [World Economic Forum] is the main driving force for the dystopian ‘great reset’, a tectonic shift that intends to change how we live, work and interact with each other.

The great reset entails a transformation of society resulting in permanent restrictions on fundamental liberties and mass surveillance as entire sectors are sacrificed to boost the monopoly and hegemony of pharmaceuticals corporations, high-tech/big data giants, Amazon, Google, major global chains, the digital payments sector, biotech concerns, etc.

Using COVID-19 lockdowns and restrictions to push through this transformation, the great reset is being rolled out under the guise of a ‘Fourth Industrial Revolution’ in which older enterprises are to be driven to bankruptcy or absorbed into monopolies, effectively shutting down huge sections of the pre-COVID economy.

Economies are being ‘restructured’ and many jobs will be carried out by AI-driven machines. In a short video showcased on social media, the WEF predicts that by 2030, ***“You’ll own nothing and you’ll be happy.”***

A happy smiling face is depicted while a drone delivers a product to a household, no doubt ordered online and packaged by a robot in a giant Amazon warehouse: ‘no humans were involved in manufacturing, packaging or delivering this product’; rest assured, it is virus- and bacteria-free – because even in 2030, they will need to keep the fear narrative alive and well to maintain full-spectrum dominance over the population.

The jobless (and there will be many) could be placed on some kind of universal basic income and have their debts (indebtedness and bankruptcy on a massive scale is the deliberate result of lockdowns and restrictions) written off in return for handing their assets to the state or more precisely the financial institutions helping to drive this great reset.

The WEF says the public will ‘rent’ everything they require: stripping the right of ownership under the guise of ‘sustainable consumption’ and ‘saving the planet’. Of course, the tiny elite who rolled out this great reset will own everything. . . .

The plan for individual citizens could reflect the strategy to be applied to nation states. For instance, World Bank Group President David Malpass has stated that poorer countries will be ‘helped’ to get back on their feet after the various lockdowns that have been implemented. This ‘help’ will be on condition that neoliberal reforms and the undermining of public services are implemented and become further embedded.

On 20 April, the Wall Street Journal ran the headline ‘IMF, World Bank Face Deluge of Aid Requests From Developing World’. Scores of countries are asking for bailouts and loans from financial institutions with \$1.2 trillion to lend. An ideal recipe for fueling dependency.

In return for debt relief or ‘support’, global conglomerates along with the likes of Bill Gates will be able to further dictate national policies and hollow out the remnants of nation state sovereignty.

- Newsbytes, November 18, 2020

Again, what we see happening is that the government wants to control every aspect of your life. What you eat. What you drink. Your healthcare. Your job. Your income. And like they said, ***“You’ll own nothing and you’ll be happy.”***

And again, this is from The World Economic Forum and listen to what they have to say about this – great reset! And as you listen, you will understand why they are doing this! We are told,

To achieve a better outcome, the world must act jointly and swiftly to revamp all aspects of our societies and economies, from education to social contracts and working conditions. Every country, from the United States to China, must participate, and every industry, from oil and gas to tech, must be transformed. ***In short, we need a “Great Reset” of capitalism.***

All of this will exacerbate the climate and social crises that were already underway. Some countries have already used the COVID-19 crisis as an excuse to weaken environmental protections and enforcement. And frustrations over social ills like rising inequality – US billionaires’ combined wealth has increased during the crisis – are intensifying. . . .

Left unaddressed, these crises, together with COVID-19, will deepen and leave the world even less sustainable, less equal, and more fragile. Incremental measures and ad hoc fixes will not suffice to prevent this scenario. ***We must build entirely new foundations for our economic and social systems.***

The level of cooperation and ambition this implies is unprecedented. But it is not some impossible dream. ***In fact, one silver lining of the pandemic is that it has shown how quickly we can make radical changes to our lifestyles. Almost instantly, the crisis forced businesses and individuals to abandon practices long claimed to be essential, from frequent air travel to working in an office.***

Likewise, populations have overwhelmingly shown a willingness to make sacrifices for the sake of health-care and other essential workers and vulnerable populations, such as the elderly. And many companies have stepped up to support their workers, customers, and local communities, in a shift toward the kind of stakeholder capitalism to which they had previously paid lip service.

Clearly, the will to build a better society does exist. We must use it to secure the Great Reset that we so badly need. ***That will require stronger and more effective governments, though this does not imply an ideological push for bigger ones.*** And it will demand private-sector engagement every step of the way. . . .

The COVID-19 crisis is affecting every facet of people's lives in every corner of the world. But tragedy need not be its only legacy. ***On the contrary, the pandemic represents a rare but narrow window of opportunity to reflect, reimagine, and reset our world to create a healthier, more equitable, and more prosperous future.***

## ONE-WORLD RELIGION

Yes, this One-World Government is coming together and, like the Bible tells us, it is going to be the religious system that not only is pushing this through, but the False Prophet, which I believe will be the Pope, will bring the Antichrist to power over the nations of the world!

In saying that, I need to talk about what the Pope is doing as he is working with the United Nations to bring forth this global government and not only is he working with the United Nations, but with the religions of the world as well as he is helping to bring a One-World Government and a One-World religion together! And the Pope is a socialist, which fits in what this New World Order will be about. And as much as we hear ***“Power to the people!”*** That is not what socialism is about, not at all!

First of all, listen to what the Pope says is the blame for the negative impacts of the lockdown from the COVID-19 pandemic. We are told,

Pope Francis has endorsed globalist communism in the wake of the COVID-19 pandemic, blaming capitalism for the damage caused by disastrous and unnecessary lockdown policies.

He claimed in a statement that it was the “magic theories” of market capitalism that failed throughout this crisis. He also threw out some general bromides against war as well.

“It is very difficult nowadays to invoke the rational criteria elaborated in earlier centuries to speak of the possibility of a ‘just war,’” Francis wrote in his encyclical.

He wrote that globalism is the answer to the pandemic, as national sovereignty prevents complete and uniform obedience of the masses during a crisis.

“Aside from the differing ways that various countries responded to the crisis, their inability to work together became quite evident,” Francis wrote. “Anyone who thinks that the only lesson to be learned was the need to improve what we were already doing, or to refine existing systems and regulations, is denying reality.”

. . . Francis conveniently places all of the blame on market capitalism.

“The fragility of world systems in the face of the pandemic has demonstrated that not everything can be resolved by market freedom,” he wrote. “It is imperative to have a proactive economic policy directed at ‘promoting an economy that favors productive diversity and business creativity’ and makes it possible for jobs to be created, and not cut.”

Francis shamelessly recited Democrat talking points verbatim during his encyclical, even going full commie and rejecting property rights at one point. . . .

Big League Politics has reported on how Francis is focusing on the evils of capitalism while protecting and rehabilitating child rapists throughout his tenure as pontiff: Pope Francis’ war on traditional Catholicism has been ramping up recently, and he castigated Catholics who believe in tradition and refuse to warp Biblical scripture to appease a godless world for creating a “minefield of misunderstanding and hatred.”

“Rigidity and imbalance fuel one another in a vicious circle,” he said. “And these days, the temptation to rigidity has become so apparent.”

“Tradition is not static, it’s dynamic,” Francis added.

Francis revealed the dogma that he intends to replace belief in Christ as savior with last week. He is advocating for Catholics to unite behind a one world government, and surrender their freedom and sovereignty to international interests.

“Trust and dialogue between people and between nations, in multilateralism, in the role of international organizations, and in diplomacy as an instrument for appreciation and understanding, is indispensable for building a peaceful world,” Francis claimed . . . Your clear moral voice shines through – whether you are speaking out on the plight of the most vulnerable, including refugees and migrants . . . confronting poverty and inequalities . . . appealing for disarmament . . . building bridges between communities . . . and, of course, highlighting the climate emergency through your historic encyclical, ‘Laudato Si’, and so many other vital efforts,” U.N. Secretary General António Guterres said during his meeting with the pontiff.

The “Laudato Si” was a blasphemous encyclical letter issued by Francis in 2015 calling for world government to solve the supposed global warming crisis.

“Climate change is a global problem with grave implications: environmental, social, economic, political and for the distribution of goods. It represents one of the principal challenges facing humanity in our day,” Francis wrote in his second encyclical.

Francis added: “Enforceable international agreements are urgently needed, since local authorities are not always capable of effective intervention . . . International and regional conventions do exist, but fragmentation and the lack of strict mechanisms of regulation, control and penalization end up undermining these efforts . . . What is needed, in effect, is an agreement on systems of governance for the whole range of so-called ‘global commons.’”

So the Pope is against Capitalism and he is for socialism, just like the Democratic party. And with socialism you control the people and that is just what they want for this New World Order!

And we have seen before how the Pope is uniting the religions of the world, and I will just show you a few pictures so you can see what I mean. And please understand that the Protestant faith and the Catholic faith are different.

Even though these evangelicals agree with the Pope and praise him, what we believe about salvation is different. We believe that we are saved by grace alone through faith alone in Christ alone, it is what the Bible teaches us.

The Roman Catholic Church believes you are saved by grace but you must add works to that salvation and even then, you can't be good enough to get into heaven, you must go to Purgatory to atone for your sins. That is not Biblical!

And thus, how can we unite with the Roman Catholic Church? Because many have compromised what they believe and that is the only way it can be done. They don't compromise, the Protestant church has!

Let me show you this picture from a Catholic website. It is called – ***PONTIFICAL COUNCIL FOR PROMOTING CHRISTIAN UNITY!*** And just look at the categories of churches they are working with to come together as one.

HOME	DIOCESE	ECUMENICAL RELATIONS	GENERAL DOCUMENTS	WEEK OF PRAYER FOR CHRISTIAN UNITY	RELIGIOUS RELATIONS WITH JUDAISM	SEARCH
WESTERN SECTION						
Old Catholic Bishops' Conference Union of Utrecht						
Anglican Communion

World Communion of Reformed Churches						
Baptist World Alliance						
Christian Church (Disciples of Christ)						
Pentecostals and New Charismatic Churches						
Evangelicals						
Mennonite World Conference

Multilateral Dialogues						

And it is not only the Protestant church they are working with, but all different religions of the world. They believe we all worship the same god and thus, we should be able to come together for the good of the world!

Please understand that the only unity we have is the unity that is based in Christ and His Word. Apart from that, there is no unity!

But again, the false prophet will be the one who will lead the religions of the world to accept the Antichrist and we see this coming to pass before our eyes!

And what is interesting is that the United Nations wants to control the religions of the world. In other words, they will tell us what we believe and if it goes against what they are saying, then we will have to stop teaching it or believing it. Maybe you are thinking, ***“Are you kidding me?”*** No, I am not. Listen to this report from March 6, 2020. We are told,

***Special reporter Ahmad Shaheed concluded that laws based in traditional morality, often religious in nature, should be repealed if they conflict with the opinions of human rights scholars and U.N. experts:***

. . . According to the UN’s special expert on freedom of religion, the fringe views of UN human rights bodies must take precedence over the mainstream beliefs of many leading world religions, when it comes to law and policy.

In his newly-launched annual report, Ahmad Shaheed, the UN Special Rapporteur on Freedom of Religion or Belief, wrote about the intersection of religion and gender equality. He concluded that laws based in traditional morality, often religious in nature, should be repealed if they conflict with the opinions of human rights scholars and UN experts.

“States have an obligation to guarantee to everyone, including women, girls and LGBT+ people, an equal right to freedom of religion or belief,” he said, “including by creating an enabling environment where pluralist and progressive self-understandings can manifest.”

In order to enable these “self-understandings,” laws criminalizing abortion or various sexual behaviors would need to be overruled.

Shaheed noted that laws regarding abortion and homosexual behavior often arise from the application of religious teachings regarding the sanctity of life, the family, and sexual morality.

While stopping short of directly calling on major world religions, such as Christianity or Islam, to change their doctrines, he attempted to differentiate between “patriarchal” and “gender equal” interpretations of religious teachings.

***The report cites the work of scholars who have worked to promote “progressive” reinterpretations of faith traditions, adding that the source of gender-based violence or discrimination is not necessarily religions, but, rather, certain interpretations of them, “which are not protected per se.”***

The notion of “LGBT+ rights,” a concept that has only recently entered the parlance of scholars, and which has no international consensus, much less a formally accepted definition, is treated by the report as a given.

In contrast, religious traditions, some dating back thousands of years, are treated as subordinate. The special rapporteur cites “many feminists and human rights scholars” in arguing that “rules regulating the status of men and women, including in the appointment of clergy,” are not only religious, but political, and therefore “are a concern for the State and international human rights law.”

Last November, Shaheed Tweeted a quote from a workshop focusing on gender equality and freedom of religion: ***“When access to safe abortion is denied, the right to life, the right to health, the right to equal human dignity is denied.” . . .***

The position of the Special Rapporteur on Freedom of Religion or Belief is part of the subset of the UN Human Rights Council known as Special Procedures. As such, he serves in an individual unpaid capacity, and his reports are advisory and nonbinding. Nevertheless, they feed into the UN’s library of human rights documents that frequently cite each other in defending interpretations of human rights that are far from gaining widespread support among UN Member States.

I find this fascinating and sad because this is what the church has done. We have let so-called scholars reinterpret the Scriptures for us and tell us what they really mean, and many have bought into their lies to justify sin!

Now only that, we listen to their propaganda and many have bought into it. Listen again and see if you hear a problem with what they are saying.

***“When access to safe abortion is denied, the right to life, the right to health, the right to equal human dignity is denied.”***

What is wrong with that?

It contradicts what it is saying. They tell us that when the right to safe abortion is denied then the right to life, to health and equal human dignity is denied!

Wait a minute, what about the right to life for the child in the womb? Doesn’t that child have the right to health, to equal human dignity? I guess not in their minds!

Now we can spend much more time on this but what I want you to see is how this is all coming together, and it is just as the Bible tells us.

Look at what the Corona Virus has done to the economies throughout the world. It has crippled it.

Because of that I believe we will be moving towards a new monetary system or new money system.

Also, we see that climate change, wars, Covid-19 has called for world leaders and the Pope, as well as the United Nations to call for a global government to help rectify these problems.

Now I want to take a few minutes and show you what is happening in our nation because there is a **REVOLUTION** that is taking place and this revolution is happening from the top down and no longer from the bottom up. And we don't have much of an input on what is happening. And let me say this, and you will see why, they want you to think you do, they want you to embrace what they are telling you, but they are moving you towards a socialist/Marxist government!

And I don't want to offend anyone here, but it is what it is. The leader, the one promoting this agenda is the DNC or the Democratic National Committee, which is the governing body of the United States Democratic Party.

If you doubt that, then you have not been watching and you have not been listening! Remember the Democratic debates for President, did you see a United States flag on the podium for any of them? No, you didn't and the reason being is that they are not for the United States, they are for their agenda, socialism/Marxism.

If you think that socialism is not a steppingstone to Marxism, you did not learn from the past. Lenin said that socialism is the road to communism, and we are on that road, I am sad to say!

Listen to what Kamalia Harris has to say about how we should be living, the redistribution of our money. [[https://www.youtube.com/watch?v=w4kowE\\_YIVw](https://www.youtube.com/watch?v=w4kowE_YIVw)]

Let me share with you a few ways that they are accomplishing this.

First of all – ***THE NEWS MEDIA!***

Let me just share this with you and I think you have seen this for yourself. You watch the national news and see how they speak of President Trump and how they speak about Joe Biden. They hate President Trump, and they praise Joe Biden.

Listen to what we are told,

Liberal journalists give Democrats the kind of biased news they want.

For example, when Democratic presidential candidate Joe Biden picked Sen. Kamala Harris (D-Calif.) as his running mate, the New York Times immediately labeled her as a “pragmatic moderate.”

The Times wasn’t alone. The Associated Press and the Los Angeles Times described Harris as “centrist.”

On television, ABC’s George Stephanopoulos said that “Kamala Harris comes from the middle-of-the-road, moderate wing of the Democratic Party.”

Maybe Harris is a moderate or a centrist as far as liberal journalists are concerned, but that's not how a nonpartisan group that tracks congressional legislation sees it. An analysis by GovTrack.us concluded that, in 2019, Harris was the "most liberal" of all 100 U.S. senators, based on the legislation she signed on to.

That means the group found her even more liberal than Sens. Bernie Sanders (I-Vt.) and Elizabeth Warren (D-Mass.). Yet, major news media outlets today are calling her "moderate" and "centrist."

- <https://bit.ly/37y58Es>

That means that the news media is pushing forth the agenda for the socialist/Marxist movement that the Democratic National Committee is promoting!

Then there is – ***SOCIAL MEDIA/BIG TECH COMPANIES!***

I will give you one example here, but you have seen and maybe you have been a victim of Facebook jail if you say something that they think is wrong!

But let me focus on Google for a minute because American's go to Google 500 million times a day!

Four days prior to the Presidential elections, Google sent out to liberal users, as they had tracked who was liberal, conservative, moderate, and they sent them reminders to vote in the election, only for the liberal voters.

Now if they did that for everyone, that would not be a problem. But they did not!

A liberal tracked this and he was shocked by this and reported it to the New York Times who then reported the story and all that was stopped one day prior to the elections. They were caught and now they tried to hide the information!

And then there is – ***POLITICAL LEADERS!***

And they are encouraging chaos, fighting, race wars, destruction, organizing groups and just like at the Democratic cities, like Portland, and what went on there at the praise of their leaders – chaos, destruction and even death!

And then there is – ***THE DEPARTMENT OF JUSTICE!***

That is an oxymoron today, because the justice that is found in our constitution has been replaced by what they feel is right, the agenda they are promoting.

Look at how long President Trump was investigated and how much time was spent investigating the crimes that Joe Biden's son and Joe Biden committed. And you can see that with President Trump, no evidence for Russia aiding in his election and it went on for almost three years. Now, all this evidence against Joe Biden's son and nothing is being done, go figure!

And lastly – ***THE EDUCATIONAL INSTITUTION!***

They have taught our children to hate America, to chose what gender you want to be, to stand up for Black Lives Matter, which is nothing more than a Marxist organization! Our children have become socialists and they don't even know what it means. They think they do, but they truly don't!

Listen to what one teacher had to say,

Your children are being indoctrinated. The education system designed to teach them how to think critically has been weaponized by the radical left to push an anti-American agenda. . . .

The left uses a combination of propaganda and suppression to push kids into the ensnaring grip of socialism and anti-patriotism.

First is the propaganda. Teachers will assign work instilling the idea that the pillars of Western civilization were evil, and their memories deserve to be thrown in the trash.

Here's an example. I was helping one of my elementary school students with a homework assignment about listing famous Britons throughout history. She already had some of the more obvious ones: Shakespeare, Princess Diana, Queen Elizabeth.

"Well, how about Winston Churchill?" I recommended.

"Oh no, not him," she replied. "He was a racist and didn't think women should have rights. He wasn't a good guy."

I was floored. It clearly wasn't something she came up with on her own. She was just regurgitating propaganda her teacher had taught her. All sense of nuance and critical thinking about the man who saved Europe from the Nazis was gone. Churchill committed "wrongthink," so in the bin he goes.

Another way the left propagandizes is through the normalization of its views and positions as nonpolitical.

The Black Lives Matter organization is a prime example of this. Many of my colleagues wore Black Lives Matter pins and apparel to school in blatant violation of school rules forbidding political statements on clothing.

When I asked for a justification of the behavior, I was told it wasn't political to support the group, it was a matter of human rights. The children would see these pins and clothes and connect radical leftist groups with basic human dignity. "How dare you question Black Lives Matter? I was taught this is a matter of human rights!"

But it isn't just a matter of actively teaching that America and the West are evil. Suppression of "wrongthink" is equally as important to the brainwashing process. The lessons I was allowed to teach also were censored.

I was preparing a lesson on Thanksgiving involving Pilgrims and American Indians, with an activity centered on making paper teepees for arts and crafts. Cue the progressive panic.

Other teachers at the school were incensed that a non-Indian was “appropriating” Native American culture for an activity. Of course, these teachers weren’t Indians either, they just wanted to virtue signal.

The whole thing culminated in a hilarious incident where my colleagues tracked down the one teacher on staff who was one-sixty-fourths Native American and asked her if it was cultural appropriation. In her esteemed authority, it most certainly was. The school administrators pulled me aside and promptly nixed the project.

The suppression extends to American religious values as well. I would try to engage my students with folk stories from around the globe to teach them world history and other cultures.

Story time went on without a hitch until I decided to tell stories from the Bible. Other teachers began to complain I was preaching Christian values to the children and attempting to convert them.

Keep in mind, this wasn’t a problem when I was sharing stories from other ancient cultures throughout history. Stories about ancient India and China were fine and encouraged as “sharing unheard voices.” After sharing the story of the Tower of Babel, I was told to switch back to non-Christian stories or face consequences.

The young adults who today gleefully tear down statues of the Founding Fathers were incubated in our very own schools, groomed to burst from the education system and burn America down.

The left argues the great men and women who built this nation are problematic and must be destroyed. Conservatives must demand an end to the indoctrination of our youth or face a new American public taught since childhood that the country shouldn't exist.

- <https://herit.ag/33EchSg>

And thus, we are training them up not to think but to take in the propaganda that the DNC and socialists want them to have! And they are learning very well!

Please understand that the Communists goal was to capture both political parties in the United States, and they have one for sure and the Republican party is not far behind!

Thus, Trump had to lose to build this revolution because four more years of a Trump economy would move people away from socialism and the Democratic party.

And one way or another, even if you didn't see much of Joe Biden, he was going to win, the scales were tipped.

And I realize that some do not see that this election was fixed. In fact, on the news you have heard that there is no way, it is impossible to hack the voting machines.

That is interesting because three months before the elections, at a hacker's convention, they were challenged to hack various voting machines and they were able to hack every one! These are 18-year-old kids and older and it was not a problem for them!

And I know that as you listen to the liberals, as you listen to what they are saying, they are speaking of a utopia for all as they move us to a socialistic society. Let me ask you this. Do you see utopia in China? Not at all. It has never been seen in a socialist/Marxist country!

Not that we have a utopia in America, but it is very good here and the problems we have we can fix.

They also speak of ***“Power to the people!”*** But again, do you see this in China?  
Absolutely not and you don’t see it in socialist/Marxist countries!

Do we see American’s fleeing to socialist/Marxist countries? No we don’t but people from these nations are coming here for the freedom we have and sadly, that freedom is being taken away!

In a socialist/Marxist society there is the punishment for those who don’t agree with them, that is their type of justice!

We are calling for no borders, no nation, no gender, no differentiation among people, and it should remind you of what man tried to do in the book of Genesis, as they built the Tower of Babel!

God will not let it stand and this government that is coming, with the Antichrist as its head, will not last.

But the Kingdom of God will.

I realize that we just skimmed the surface, there is so much more we can talk about and we will deal with some other topics in our next session. But I want you to see what is happening and as we conclude in our second study, I will be dealing with our responsibility in the days we are living in.

And let me share this video with you from Paul Harvey and the warning he gave to America about socialism back in 1965, it is scary because it is happening in our nation today.

[<https://www.youtube.com/watch?v=0SAjwF3F-4k>]

That is where we are headed, but remember what this type of government is about, remember what the United Nations said they want for our lives - ***“You’ll own nothing and you’ll be happy.”***

I will close with these, these words from Daniel chapter 2, **“And in the days of these kings the God of heaven will set up a kingdom which shall never be destroyed; and the kingdom shall not be left to other people; it shall break in pieces and consume all these kingdoms, and it shall stand forever. Inasmuch as you saw that the stone was cut out of the mountain without hands, and that it broke in pieces the iron, the bronze, the clay, the silver, and the gold - the great God has made known to the king what will come to pass after this. The dream is certain, and its interpretation is sure.”** Daniel 2:44-45.
