

**PROPHECY UPDATE 2021
MAYBE TODAY!
PART 1**

Welcome to our twenty-seventh prophecy update, a few things have happened since we first started these studies, don't you think?

I think we can agree that what was happening slowly some twenty-seven years ago is now happening at warp speed. In other words, things are happening very quickly and as you look at the signs, it seems like the return of the Lord is very close.

Now I am not a date setter. Never have been and never will be. We don't know the day that the Lord will return for His Bride, the Church, but we do know the seasons and just like we have moved out of fall and are now into winter, I believe we are moving closer to the start of the seven-year Tribulation Period!

One of my concerns today is that there are some Christians who are looking at Bible prophecy and the things that are going on in this world and they see all that is going on and come to the conclusion that this world, as a car, is out of control and headed for a major crash!

I see things a little differently and you can agree with me or not, but if I am wrong, show me.

You see, as I look at all the chaos in this world, as I look at the rise of immorality and wickedness, as I see things progressing towards a one world government and a one world religion, as I see a cashless society coming, and I can go on and I will tonight, I don't see things that are out of control!

Now you may be shocked by that, so let me explain.

I see things falling into place. I see things happening just as the Lord has told us in His Word!

Because of that I don't have to worry, I don't have to be fearful, I can rejoice in the fact that God's promise to us is coming to pass before our very eyes!

Let me ask you this. What are you waiting for?

What expectations are you looking for?

You see, whatever you are waiting for, whatever your expectation is, that is what will become the priority of your heart and it will determine your actions in the days you are living in!

You should have your eyes focused on Jesus. He should be the One you are waiting for. He should be your hopeful expectation.

Think about why you are here. To bring pleasure to the Lord and to bring the Gospel to the Lost. So, if pleasing the Lord, sharing your faith is the reason you exist, then your preparation for His return should be the focus on your life. Don't become distracted from that.

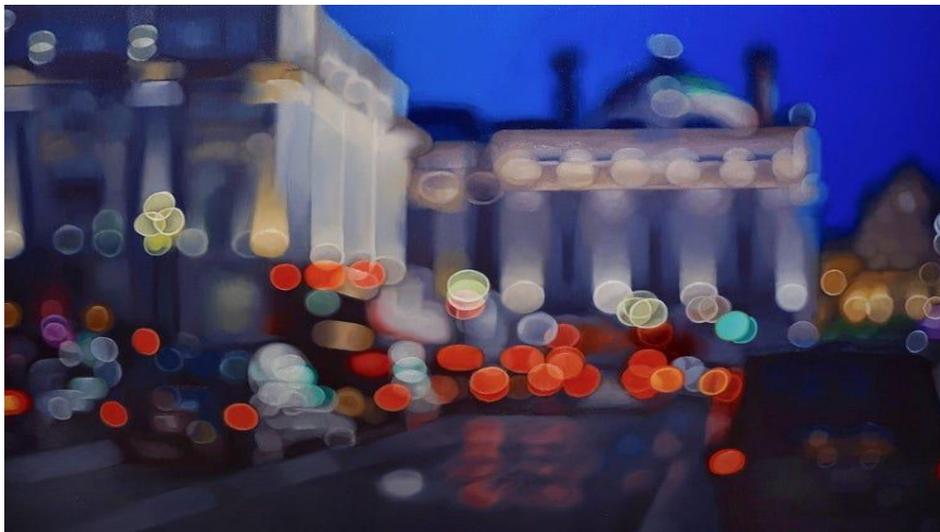

Paul said to Titus, **“looking for the blessed hope and glorious appearing of our great God and Savior Jesus Christ.”** Titus 2:13.

You see, his hope, his expectation is the coming of the Lord Jesus Christ and we should also have this hope and this expectation!

Then why are Christians so angry? Why are they so mad? Why are they fearful? Why are they doing things and saying things that are putting people down? Why is there division in the church?

Because they have lost the focus!

Let me explain it like this and hopefully, if you are traveling down that path, you will be redirected.

I know I have shared this with you before, but it does bear repeating because the Lord is giving us hope!

In Isaiah 44:6-8 we are told, **“Thus says the Lord, the King of Israel, And his Redeemer, the Lord of hosts: ‘I am the First and I am the Last; Besides Me there is no God. And who can proclaim as I do? Then let him declare it and set it in order for Me, Since I appointed the ancient people. And the things that are coming and shall come, Let them show these to them. Do not fear, nor be afraid; Have I not told you from that time, and declared it? You are My witnesses. Is there a God besides Me? Indeed there is no other Rock; I know not one.’”**

Here we see God challenge anyone to tell the future with 100% accuracy and there is no one but God who can do that!

What is the purpose of prophecy?

Yes, prophecy is given to us by God as a warning of judgment that is coming. We see that often in the Old Testament and we also see it in the New Testament.

And there is one more very important reason. Let me give you this example and then I will expound on it.

Let's say that I am talking all my money, my house, my cars, all that I have, and I am going to invest it in the stock market, which is volatile.

And if I told my wife what I was doing, she would be very fearful because we could lose everything!

But what if I told my wife that I knew for certain, with 100% confidence that this stock that we are investing everything in is going to triple in value. I am absolutely certain about it; I know for a fact.

Would that change how Julie would feel? Yes, if I had proof showing that what I am telling her is true.

That is what God has done for us. He has told us what the future holds and that is awesome for us because we don't need to be afraid of what is coming! We know what is going to take place and we are seeing it before our eyes.

We don't need to fear, as the Lord tells us in Isaiah, "**Do not fear, nor be afraid; Have I not told you from that time, and declared it? . . .**" Isaiah 44:8.

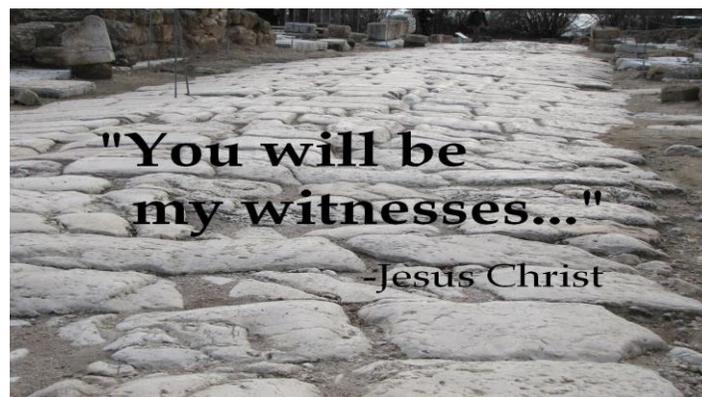

You see, as Christians, we should be so excited at what we see happening today. And yes, not the wickedness, the immorality, all the garbage that is taking place, but that this is what the Lord has told us the last days would be like. People are interested in satisfying themselves instead of obeying the Lord!

And, in knowing that the Lord is coming back, and the title of the message this evening – ***MAYBE TODAY!*** The Lord's return can be - ***MAYBE TODAY!***

This evening we will be focusing on several topics, and I will try to give you the big picture because we can spend a long time on these things, many days looking at all that is going on. But the big picture really is the return of Jesus for His Bride, the Church and I don't want to lose that focus.

You see, I am no longer worrying about the future because I know the One who holds the future in His hands, and I can rest in that, and that leads to what we are supposed to do – ***BE A WITNESS TO THE LOST!***

That is what the Lord said in Isaiah after He said that we are not to be afraid, “... **You are My witnesses. . .**” Isaiah 44:8.

I am not trying to scare anyone, unless you are an unbeliever, if you have not received Jesus as your Lord and Savior because judgment is coming upon this world and when you read of that judgment in Revelation, it is not a good thing! You should be scared or better yet, repent of your sins and ask Jesus to be your Lord and Savior and you will escape this coming judgment upon a Christ rejecting world!

The topics we will be looking at this evening are – ***ONE WORLD GOVERNMENT, ONE WORLD RELIGION, ISRAEL, THE IMAGE OF THE BEAST OR AI, WHAT DOES THIS ALL MEAN!***

1. ONE WORLD GOVERNMENT

I have been speaking about this for almost forty years now and back then, people laughed at me. You see, the reason they laughed is because we are a sovereign nation and thus, we are not under the authority of any other government or leaders except our own.

**GLOBAL
government
FORUM**

But now, even though the constitution has not changed, we have ignored it for years and we as a nation are moving towards a one world government! And the way we are moving, towards a socialist nation, they will be able to control the people and whether they want this or not, it will happen!

Let me share this article with you. We are told,

The answer to the subject of “World Government via the United Nations” can, according to my view, be given easily. World government has evolved and will evolve through the United Nations as the people are willing for it to evolve. The process has already begun.

I believe that all people who want peace realize that there must be some degree of world government, but we may disagree as to the timing, the form.

Among the peoples of the world and the member states of the United Nations, I would have just enough government to accomplish three objectives: political security, economic advancement, and the guarantee of human rights. . . .

Those who believe in world government want essentially a few definite things.

First, the law of the world community must be above the sovereignty of the individual nation. There must be a supreme law against war.

Second, there must be an executive authority strong enough to use police force or whatever measures are necessary to preserve the peace.

Thirst, there must be a constant procedure for producing such regulations as are necessary to lesson friction among the peoples of the world and enable them to grow and expand in their world community. It might be called the legislative process.

- bit.ly/3HZU9os

As you read that it is a little scary even though they are trying to make it sound good, that it will benefit the people of this world in the long run. But that is how deception works.

No longer will there be sovereign nations, and all will be under the authority of some kind of supreme law that this global government is overseeing.

I did forget to mention one thing. This was not written in 2021, not even close. It was written back in 1949!

Do you see how far back this goes; it is not something that has just started within the last few years.

I guess the big question for us here at the end of 2021 and getting ready for the start of 2022 is this. Are there signs that we are making decisions based on the idea of moving the world into this global government?

I can tell you that we are and there is no doubt about it, not any longer.

Maybe you have heard of - ***THE GREAT RESET!***

What are they resetting?

Everything we hold on to. Our freedoms, the way we live, the way we think, what we buy, it is everything that they want control of.

Listen careful to what WEF or the World Economic Forum has to say about this, and this is from their website. This is not something I have come up with.

They wrote,

To achieve a better outcome, the world must act jointly and swiftly to revamp all aspects of our societies and economies, from education to social contracts and working conditions.

Every country, from the United States to China, must participate, and every industry, from oil and gas to tech, must be transformed. In short, we need a “Great Reset” of capitalism.

...

Likewise, populations have overwhelmingly shown a willingness to make sacrifices for the sake of health-care and other essential workers and vulnerable populations, such as the elderly.

And many companies have stepped up to support their workers, customers, and local communities, in a shift toward the kind of stakeholder capitalism to which they had previously paid lip service.

Clearly, the will to build a better society does exist. We must use it to secure the Great Reset that we so badly need. That will require stronger and more effective governments, though this does not imply an ideological push for bigger ones. And it will demand private-sector engagement every step of the way. . . .

The COVID-19 crisis is affecting every facet of people’s lives in every corner of the world. But tragedy need not be its only legacy. *On the contrary, the pandemic represents a rare but narrow window of opportunity to reflect, reimagine, and reset our world to create a healthier, more equitable, and more prosperous future. . . .*

- bit.ly/3oPb4B1

And there is more. We are told,

. . . the general principles of the plan are clear: The world needs massive new government programs and far-reaching policies comparable to those offered by American socialists such as *Sen. Bernie Sanders* (I-Vt.), and *Rep. Alexandria Ocasio-Cortez* (D-N.Y.) in their Green New Deal plan.

Or, put another way, we need a form of socialism - a word the World Economic Forum has deliberately avoided using, all while calling for countless socialist and progressive plans. . . .

One of the main themes of the June meeting was that the coronavirus pandemic has created an important “opportunity” for many of the World Economic Forum’s members to enact their radical transformation of capitalism, which they acknowledged would likely not have been made possible without the pandemic.

“We have a golden opportunity to seize something good from this crisis - its unprecedented shockwaves may well make people more receptive to big visions of change,” said Prince Charles at the meeting, adding later, ***“It is an opportunity we have never had before and may never have again.” . . .***

“The threat of climate change has been more gradual [than COVID-19] - but its devastating reality for many people and their livelihoods around the world, and its ever greater potential to disrupt, surpasses even that of Covid-19,” Prince Charles said.

Of course, these government officials, activists and influencers can’t impose a systemic change of this size on their own. Which is why they have already started to activate vast networks of left-wing activists from around the world, who will throughout 2021 demand changes in line with the Great Reset. . . .

Prince Charles was right: The present pandemic is a “golden opportunity” for radical change. And if Al Gore, Prince Charles and the rest of the World Economic Forum can convince enough people that attempting to stop climate change is also worth dramatically pushing humanity toward greater government control, then radical – and catastrophic – change is exactly what we’re going to get.

- bit.ly/3DDR6zZ

Make no mistake about it, Climate change has been used and will continue to be used to promote a global government, even though it has not worked very well at this point, but as leaders make decision to promote laws regarding climate change, business and the common people will have no choice to follow it!

Listen to this article from Terry James. He wrote,

There should be no question now in spiritually attuned minds of Bible prophecy students. The principalities and powers in high places of Ephesians 6:12 are in full throttle mode. They intend to use this presidential election theft to galvanize their one-world tower building effort.

Global warming didn't do it. Following that lie, the climate change ruse hasn't done it. Now, with more than four years of inflicting every sort of prevarication [deception] and coup d'état attempt by the globalist wickedness, they are all in for changing Planet Earth into their own Utopian concept.

At the heart of that blueprint is the term we've heard over and over since the 2020 presidential campaign in the U.S. began.

The Great Reset is thrusting ahead into 2021, seemingly unstoppable while it threatens to pierce the fabric of culture and society the founding fathers wove together so carefully back in 1776.

They have corrupted this God-blessed republic through fraud and deceit that is itself prophetic in nature (read Jesus' first prophetic words as recorded in Matthew chapter 24).

They have, with Lucifer-inspired cleverness, possibly put the political party and the presidential placeholder into office that will, when the blueprint is come to fruition, dissolve American sovereignty, tear down borders, and bring this nation's great assets into the globalist coffers, just as has been their goal for decades. . . .

Thoughts of The Great Reset has all of the pundits on the other side positively giddy. And that consists of the vast majority of those who make up America's political, news media and business elite . . .

[A WEV video stated that] the brainchild of the World Economic Forum [WEV,] a globalist group of powerful Deep State elites that meets every year in the Swiss ski-resort town of Davos, is the "Great Reset" aims to fundamentally reengineer industries, societies, education, agriculture, relationships, and even human beings.

Its advocates are openly saying as much, with WEF boss Klaus Schwab declaring that "all aspects of our societies and economies" need to be "revamped" Even "our thinking and behavior" will have to dramatically shift, he said. A WEF statement marketing the controversial scheme also calls for a "new social contract" centered on "social justice."

“Every country, from the United States to China, must participate, and every industry, from oil and gas to tech, must be transformed,” added Schwab, calling for even “stronger and more effective” government, without explaining what might happen to those that refuse. “We must build entirely new foundations for our economic and social systems.” And there is no other choice but to submit, he and others declared.

In his book on COVID and the Great Re-set, Schwab also vowed that life would “never” return to “normal.” “The world as we knew it in the early months of 2020 is no more, dissolved in the context of the pandemic,” he said, adding that the looming changes are so huge that some are now speaking of “before coronavirus” (BC) and “after coronavirus” (AC) eras.

The changes will be systemic. “The COVID19 crisis has shown us that our old systems are not fit anymore for the 21st century,” Schwab declared in his speech unveiling the Great Re-set in June.

Beyond just social systems, Schwab also called a change in “mindsets” the “most important” issue. “We have to . . . bring our thinking and behavior once more into harmony with nature,” he said. Read that again: Even your thinking and behavior is in the global elites’ cross hairs. “Now is the historical moment - the time - not only to fight the virus, but to shape the system for the post-corona era,” he added. [The Great Reset, [thenewamerican.com](https://www.thenewamerican.com), by Alex Newman, December 29, 2020]

To understand the dangers of this blueprint, we have only to consider that the Chinese Communist government is wholeheartedly signed on to the WEV plans to establish this Great Reset. Chinese dictator Xi Jinping is one of the most applauded leaders when the WEV meets.

This brings into focus the almost certainty that the Coronavirus (often called the Chinese Virus) has been instrumental in galvanizing the efforts to bring America down and establish the globalist elites' Utopian dream.

The Great Reset, no matter the planning by those who believe they are superior to not only everyone else on earth, but superior to God, Himself, can't proceed without that very God's permission.

They, like their father, Lucifer the fallen one, have determined to put their throne above the Throne of the Almighty. . . .

- bit.ly/30RSvEG

I know that many don't see this as a problem, but they think it is a solution to a global problem, a one world government. But if you feel that way, you have not thought this through.

Think about this for a minute. I am sure the start up of this global government will be good, even though they may have to force some to comply.

But once they have control of you and all you do and say and buy, then it is game over for our freedom. Once they have control, they will not let up, they will not give freedom back to you, only control you more and more.

And you can say you are going to run and hide, but where?

When Hitler and his regime was in control in Germany, many fled to other countries because Hitler and the Germans did not control the nations of the world.

But, if there is a one world government controlled by the United Nations to start with, most likely, before the Antichrist comes to power and we won't be here, where are you going to run to?

The world is in control of this global government, and you will have no place to hide. How much ammunition are you going to accumulate and once it is gone, once you can't make more bullets for yourself, what are you going to do?

(Video of Prince Charles on The Great Reset - bit.ly/31QyP4k)

Did you notice what Prince Charles said we are to worship, and it is interesting. We are to worship nature and he ignores the fact that only God is to be worshiped.

But Paul did warn us that when you take God out of the picture, you will worship creation instead of the Creator, who is blessed forever! (Romans 1:18-32)

I have shared this video with you I believe last year, but I want you to clearly see what the plan is for the world by 2030, at least that is what they are shooting for Agenda 21 and their 2030 Agenda.

(Video of You Will Own Nothing and Be Happy – *8 predictions for the world in 2030* - bit.ly/31T4SjY)

Let me share this with you so you can clearly see what I am saying, and I am not alone.

We are told,

Get ready for a lot less freedom and prosperity, and a lot more government - at least if the elites get their way.

After peddling coronavirus lockdowns that crushed the economy and funding riots that terrorized the public under the guise of fighting “systemic racism,” Deep State globalists are stepping in to offer their proposed “solution” to the crises they themselves unleashed: A “Great Reset” to transform the world and everything in it, supposedly for the benefit of the masses, but really for the benefit of the ruling classes.

Top leaders of Big Business, Big Globalism, and Big Government worldwide - including royalty and mass-murdering communist tyrants - are jumping on the bandwagon. But even before the scheme is fully outlined and understood, resistance is growing quickly.

The brainchild of the World Economic Forum, a globalist group of powerful Deep State elites that meets every year in the Swiss ski-resort town of Davos, the “Great Reset” aims to fundamentally re-engineer industries, societies, education, agriculture, and more. . . .

Business and economic changes will be massive, Schwab explained. “The Great Reset will require us to integrate all stakeholders of global society into a community of common interest, purpose and action,” explained Schwab, the globalist front-man who runs the WEF.

“We need a change of mindset, moving from short-term to long-term thinking, moving from shareholder capitalism to stakeholder responsibility. Environmental, social and good governance have to be a measured part of corporate and governmental accountability.”

In short, what remains of the tattered free-market system is set to be tossed out — along with the vibrant middle class it sustained. In its place will rise technocratic governance based on nebulous “social” and “environmental” goals set by the technocrats. . . .

In essence, the “revolution” involves blurring the lines between the “physical, digital, and biological spheres” - literally the merging of man and machine, dubbed “transhumanism” by advocates and opponents alike. And while it seemed like just another kooky globalist pipe dream back then, the coronavirus panic has paved the way for unprecedented changes, as Schwab boasted.

“COVID-19 has accelerated our transition into the age of the Fourth Industrial Revolution,” Schwab said in his remarks about the Great Reset posted on the WEF website. “We have to make sure that the new technologies in the digital, biological and physical world remain human-centered and serve society as a whole, providing everyone with fair access.”

Interestingly, the notion that under free markets, everything serves “capital,” and under collectivism, everything serves “society as a whole, providing everyone with fair access,” is straight out of the Marxist playbook. Such rhetoric almost always precedes a dramatic loss of freedom and prosperity.

That same rhetoric coming from Schwab and the WEF is found in key UN agreements that are serving as the foundation of the emerging New World Order. In UN Agenda 2030, also known as the “Sustainable Development Goals,” every national government and dictatorship on Earth agreed to very similar dictates.

In Goal 10, for instance, the UN and its members pledge to “reduce inequality within and among countries.” To do that, the agreement continues, will “only be possible if wealth is shared and income inequality is addressed.”

As the UN document also makes clear, national socialism to “combat inequality” domestically is not enough - international socialism is needed to battle inequality even “among” countries. “By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources,” the document demands, sounding suspiciously like the WEF “Great Reset” manifesto.

The UN document also calls on government to seize control over “production and consumption.” It prescribes government-controlled healthcare systems for all, too.

And it demands that children be “educated” to the point that they do not just agree with the ideology underpinning the scheme, but are actually prepared to “promote” it. Goal 4 - so-called “education” - will be the key to achieving all the others, as the UN has admitted on many occasions.

It is no surprise that the “Great Reset” mirrors the UN agenda so closely. In fact, last year, the WEF inked a “Strategic Partnership Framework” deal with the UN designed to facilitate the imposition of Agenda 2030 on humanity.

“Meeting the Sustainable Development Goals is essential for the future of humanity,” explained Schwab at the time. “The World Economic Forum is committed to supporting this effort, and working with the United Nations to build a more prosperous and equitable future.” The head of the UN, self-styled socialist Antonio Guterres, celebrated how the partnership would help bring the private sector onboard.

Indeed, communist leaders, including members of the mass-murdering Communist Party of China, are now openly joining forces with capitalist bigwigs and Big Business CEOs to push the scheme. Guterres, the former chief of the Socialist International alliance of socialist and Marxist parties, also lent his support to the WEF’s “Great Reset” agenda.

“The Great Reset is a welcome recognition that this human tragedy must be a wake-up call,” he said in his remarks which were also posted on the WEF’s website. “We must build more equal, inclusive and sustainable economies and societies that are more resilient in the face of pandemics, climate change and the many other global changes we face.”

The IMF is also a key player. IMF boss Kristalina Georgieva boasted of the “very massive fiscal stimulus” being “injected” into the global economy. This massive infusion of cash looted from humanity must be used to forcibly restructure the economy so it can be rebuilt “greener” and “smarter” and “more fairer” in the future.

For instance, she said governments and international organizations could put in place “incentives” such as “carbon prices” to force companies to do what the globalist establishment wants. “Carbon prices,” of course, is just code language for literally taxing the gas exhaled by human beings, CO₂. She also demanded more government “social programs” to “take care of people.” . . .

Beijing's minions will play a key role in shaping the "Great Reset," too. Indeed, one of the nine speakers and boosters for the Great Reset was Communist Chinese operative Ma Jun, chairman of the "Green Finance Committee" and a bigwig at the People's Bank of China. In his remarks on the Great Reset, Ma emphasized "Green" over and over again, calling for "Green" stimulus and a "Green" economy directed by "Green" incentives, employment schemes, subsidies, and more.

UN, communist, and globalist leaders have all started using the term "green economy" almost interchangeably with a totalitarian-technocratic system of global governance. Even in America this is true. Obama's "Green Jobs" Czar Van Jones, for instance, was forced to resign when his revolutionary Maoist views became well known. And the "Green New Deal," which mirrors the Great Reset scheme, is transparently a recipe for global tyranny and poverty.

If there was any doubt that technocratic global government was the goal, Schwab put it to rest with his public comments. "This global pandemic has also demonstrated again how interconnected we are," he explained about the Great Reset. "We have to restore a functioning system of smart global cooperation structured to address the challenges of the next 50 years. We only have one planet."

And in case there was any doubt about what that global system will demand of individuals, Schwab again put it to rest. "We have to decarbonize the economy in the short window still remaining and bring our thinking and behavior once more into harmony with nature," he said. Read that again: Even your thinking and behavior is in the global elites' cross hairs.

“A Great Reset is necessary to build a new social contract that honors the dignity of every human being,” continued Schwab, once again using empty Marxist-style rhetoric to build support for the very policies that always and everywhere strip individuals of their dignity and free agency. “The global health crisis has laid bare the unsustainability of our old system in terms of social cohesion, the lack of equal opportunities and inclusiveness.”

Also jumping onboard the Great Reset bandwagon was population-control zealot Prince Charles, whose family is currently embroiled in the Jeffrey Epstein child-sex-trafficking scandal. “In order to secure our future and to prosper, we need to evolve our economic model and put people and planet at the heart of global value creation,” said Charles, heir to the throne. “If there is one critical lesson to learn from this crisis, it is that we need to put nature at the heart of how we operate,” continued the son of the queen of England. “We simply can’t waste more time.”

While Charles is a fervent advocate of population control, his father was even more blunt, famously expressing his desire to kill large numbers of people: ***“In the event that I am reincarnated, I would like to return as a deadly virus, to contribute something to solving overpopulation.”*** This dangerous attitude is widespread among the elites.

A brief look at the other key players reveals a great deal as well. The first of nine names on the list is Victoria Alonsoperez, with a company called “Chipsafer.” The firm makes implantable microchips that transmit data on location as well as physiological changes in cattle - at least for now.

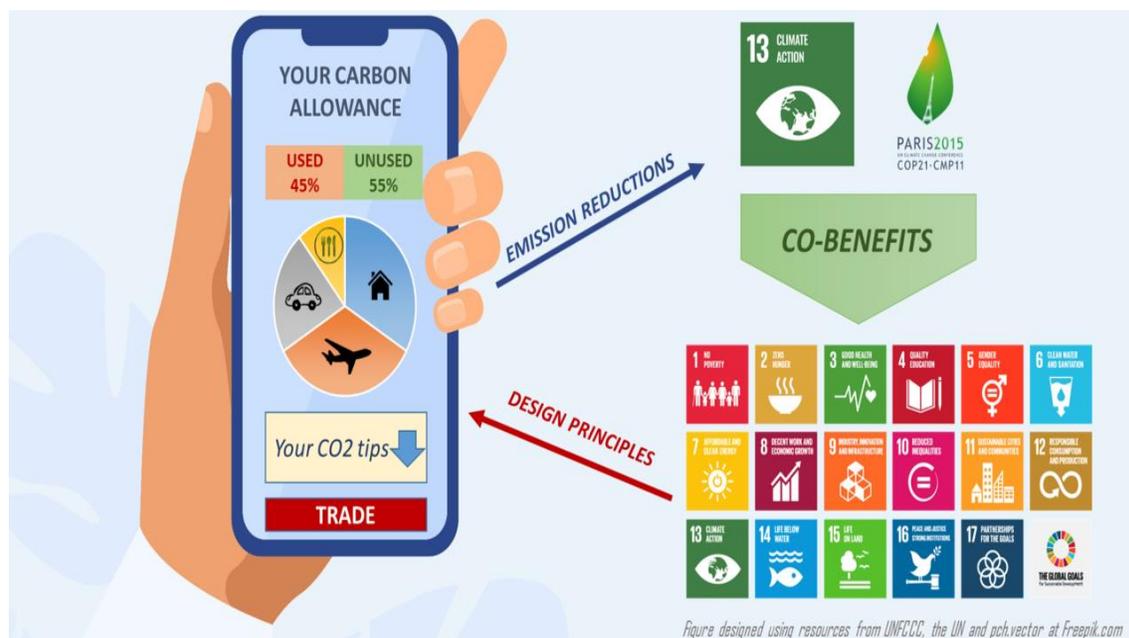

More than a few government and corporate bigwigs associated with WEF, the UN, and the move toward Technocracy have openly called for micro-chipping humans, too. It is already happening in some parts of the world.

Other “stakeholders” involved in the scheme include the CEO of Mastercard, which is funding Deep State efforts to eliminate cash in a move toward a cashless society. The president of Microsoft, which recently filed patent WO2020-060606 for implantable crypto-currency technology, is also a key booster.

Also leading the charge was the head of enviro-fascist group Greenpeace, which even its own co-founder has rejected for its anti-human, anti-science fanaticism. Disgraced “climate” guru Al Gore, who serves on the WEF board, is also shilling for the Great Reset, along with Skull and Bones member John Kerry.

And please keep an eye on this, how they will control what you do and how much of what you are using. It is called a personal carbon allowance and Carbon pricing is exactly what the name implies: imposing a price on carbon emissions to mitigate the negative externalities created by greenhouse gas emissions.

In other words, how much you drive, how much you heat your home, and so on, they will control and they will tax and they will end up telling you how far you can go and what you can and can't do!

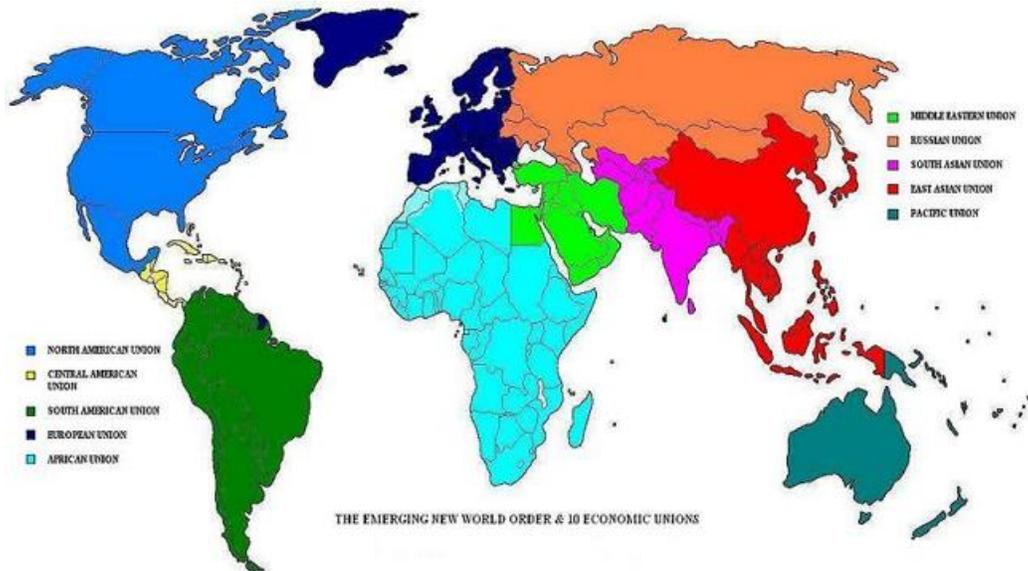

This is not a game. This is not some conspiracy theory. This is not fake news. And it is not because I have said so, or these articles are telling us what is going on, but the Bible clearly shows us that in the last days, the last world empire will be a federation of 10 nations, covering the world and the world has already been divided up and we are preparing to see these puzzle pieces coming together.

Way back in 1968 the Club of Rome had its beginnings with leaders from ten different countries gathering together for solutions to the world's problems and their claim was that they had the answers for peace and prosperity for the world.

Then, on September 17, 1973 the Club of Rome released this report: *Regionalized and Adaptive Model of the Global World System.*

This document divides the world into ten political/economic regions that they call, interestingly enough, “*kingdoms.*” And one of these Kingdoms is the United States, Canada and Mexico!

What I find interesting is that what they said back in 1973 seems to follow the free trade agreements that have been made.

In fact, way back on July 18, 1993 Henry Kissinger, a CFR member and Trilateralist said the following in the Los Angeles Times concerning NAFTA: *“What Congress will have before it is not a conventional trade agreement but the architecture of a new international system . . . a first step toward a new world order.”*

The phrase “*new world order*” is speaking of this one world government.

Thus, these ten toes of the multi-metallic image of Daniel chapter 2 are the ten political/economic regions that will represent a one-world government in which we are moving quickly towards! And it is the Antichrist who will rule over all ten of these kingdoms or empires!

Listen carefully to what world leaders are saying because they are not trying to cover it up any longer. They are speaking of a global government, and it is not that it might happen, it will!

As David Rockefeller said, ***“We are on the verge of a global transformation. All we need is the right major crisis and the nations will accept the New World Order.”***

And our current President, Joe Biden, had this to say about the New World Order. ***“How I Learned to Love the New World Order”***

Article by Sen. Joseph R. Biden, Jr.
in The Wall Street Journal (April 1992)

Make no mistake about, we are moving quickly towards this One-World Government, not because these leaders are telling us that or because they are moving us in that direction. No, the reason is that God has already told us this is going to happen, and we are seeing it come to pass in the days we are living in. Yes, they think they are in control, but God is ultimately in control, never forget that!

But I do realize that there are many who do not want this to happen and in the minds of world leaders from the past to the present, it doesn't matter if you want it or not, it will happen.

Richard Gardner, who was a top adviser to President Jimmy Carter, and an Ambassador to Italy, had this to say in the April 1974 issue of the Council on Foreign Relations. He said, ***“The house of world order will have to be built from the bottom up rather than from the top down. . . . An end run around national sovereignty, eroding it piece by piece, will accomplish more than the old fashion frontal assault. . . .*** It will look like a great ‘booming, buzzing confusion.’ To use William James’ famous description of reality, but an end run around national sovereignty, eroding it piece by piece, will accomplish much more than the old-fashioned frontal assault.”

Richard N. Gardner,
in Foreign Affairs, April 1974

And lastly, James Warburg, a member of the Council of Foreign Relations (CFR was formed on July 29, 1921), said way back on February 17, 1950 before the Senate Foreign Relations Committee, ***“We shall have world government whether or not you like it - by conquest or consent.”***

Make no mistake about it, this has been going on for a long time, but it is finally gaining momentum and it seems like it is a done deal, they are ready to form this global government.

2. ONE WORLD RELIGION

Now it is interesting because in the Tribulation Period we see the False Prophet who leads this one world religion, he will put the Antichrist in power. And, as we can see, it is the religious system of today who are moving us towards this global government.

Let me show you what I mean.

I realize that many today in the church see social justice as a good thing. They even believe that Jesus taught social justice, He did not! We have justice, we don't need social justice. And I realize that many are confused by the two.

Let me show you what these terms mean, and not my definition, but what Merriam Webster defines these words.

According to Merriam Webster, ***“justice” is the impartial administration and maintenance of what is just. It involves “righteousness” “equitableness” (fairness), “impartiality” and “moral rightness”.***

We see justice demanded of God's people in Isaiah 1:17, Proverbs 31:8-9, Exodus 23:1-9, Leviticus 19:15, James 1:27 and elsewhere in the Scriptures.

Now I think we all understand that. But then, listen to how Merriam Webster defines ***“social justice.”*** They say that it is a ***“a state or doctrine of egalitarianism” which is the notion that all social, economic and political “inequalities” must be removed from society.***

According to Dictionary.com, ***“social justice” is justice in terms of the distribution of wealth, opportunities, and privileges within a society. THIS iteration of “justice” is NOT commanded in Scripture.***

Justice pursues what is right according to an absolute, impartial standard. Social justice pursues what is believed to be lacking for some based on what is believed to be possessed by others.

Justice is driven by what is morally acceptable, or what God says is right. Social justice is driven by what is socially acceptable, or what the people say is right.

Justice is objective. Social justice is subjective.

Justice involves matters that can potentially impact anyone. Social justice involves matters that are believed to only impact specific groups.

This is from the Christian Reformed Church website and listen to what they say about this social justice and how it is part of their teaching now. We are told,

The Office of Social Justice works to develop a deeper understanding of and response to God's call to let justice flow like a river in both our personal and communal lives, as well as in the structures of our societies.

Now it sounds good, but when you open that door to social justice, it is going to be hard to close. And what may have started out being very sincere, it is leading the church down the road to socialism and ultimately to a one world government.

Again, listen carefully to what this is about and how churches are getting involved with this example. We are told regarding social justice infiltrating the church today,

The question here is whether this has permeated our churches, and the answer has to be an unequivocal “yes.”

Perhaps the most obvious example of this is the National United Methodist Church's home page, where they proclaim, “*At National UMC, we are . . . Passionate about Social Justice*” over an image of clear blue skies with the *LGBTQ* flag waving in the background.

Again, to quote Voddie Baucham, “*I don't think this means what we think it means.*”

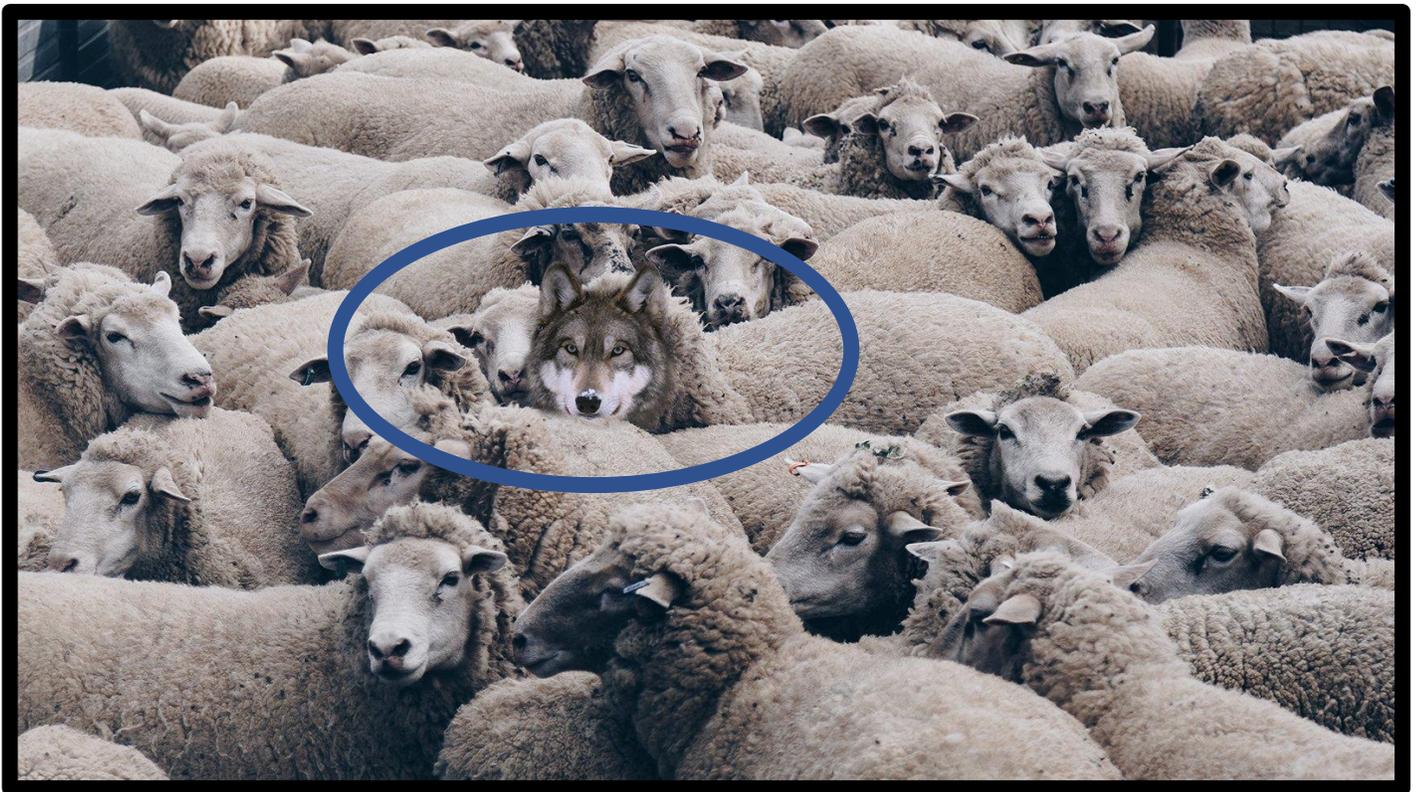

Social justice, while sounding like a good and positive thing, is not biblical justice. Social justice is built on the concepts of critical race theory and intersectionality, neither of which are biblical concepts.

Social justice attempts to define us by what group we are in, but God deals with each of us individually. He knows us and has known us since before we were even formed in our mother's womb. Social justice looks at our outward appearance. God ignores the outward appearance and looks at our heart.

Don't be deceived by nice-sounding phrases, as many of our churches are today. Go first to God's Word and let His voice guide you.

Yes, don't be deceived by what the world is trying to bring into the church. The world is at war with God and thus, what they are trying to bring into the church is deception and ultimately destruction as the church will become more and more apostate, setting it up for the one world religion, which many are already embracing!

Christianity Today, a very watered down social Christian magazine, wrote this,

It's a tired trope [image] that evangelicals only recently began caring about "social justice," a buzzword that carries connotations of political activism and "the social gospel."

In fact, orthodox Christians have long recognized in Scripture a call to defend and uphold the dignity and wellbeing of all persons, especially the poor and powerless.

Take, for example, John Wesley, who led prison reform and abolitionists movements in 18th-century England.

More recently, evangelical leaders like Ron Sider and Jim Wallis have promoted Christian engagement in anti-war, environmental, and immigration causes, while facing suspicion of falling prey to partisan politics.

At the local church level, sex trafficking, fair trade, and clean water campaigns are trendy ways today for lay Christians to fight social ills, even if that means simply clicking a "Like" button.

Here is the problem, we already have a justice system, and like I have said, this is not justice that they are promoting, but they make it sound like you are not practicing your Christian faith if you don't support social justice.

The exact opposite is true, and it is another gateway to this one world government.

Maybe you have heard this phrase or something similar to it. "***Christianity must adapt or die!***" It is the motto of theological liberalism, and it is destroying many churches and Christians!

And the whole premise is that the church must be relevant to the culture, it must be liked by the world, and it needs to be respected by the intellectual elite!

And here is the problem, this is what they are looking towards, ***“Truth, if possible, but peace, relevance, and worldly influence at all costs.”***

And that is the key, not truth, but blending in with the world so we can have peace. But Jesus did not bring peace because He said that He is the only way and thus, man does not like that, and they fight against it.

They want relevance and thus, they compromise what they believe in and accept homosexuality, transgenderism, multiple sexes, and the like to fit in. They accept divorce as normal and sex outside of marriage as keeping up with the times. But God does not accept those things.

And they want worldly influence, so they accept Black Lives Matter, they accept Antifa and the like.

And the push today, which has been going on for years, is that the Pope wants to unite the world's religions.

Listen to what he said in June of this year,

Christians together can change the world. That was the message Pope Francis gave Wednesday to Catholic, Evangelical and Pentecostal leaders gathered for this year's John 17 retreat, encouraging them to continue on a path of unity.

“Together in love we Christians can change the world, we can change ourselves, because God is love,” said Francis in a video message. . . .

The retreat is part of the John 17 movement that works to foster fellowship between Catholics, Protestants, Orthodox, Evangelicals and Pentecostals. The movement's name comes from John 17:21, which reads: "Father make them one as you and I are one that the world that sent me." Francis called the retreat in particular "a new path for reconciliation of Christians" in his video message. . . .

Of this year's conference, Smith was struck by the diversity of those who are represented and the "increasingly free conversations" that took place. He also recognizes the continued focus on relational ecumenism — something that Francis has long emphasized.

"Relationships build these things when you get to know people when they're not just them and us. When they're not just a caricature in your mind or their mind," Smith said. "When you begin to have those relationships you begin to see one another as brothers and sisters in Christ."

And if you think that Protestants are not really getting involved with this, please hear me out.

Did you know, according to a poll by Probe Ministries, that ***"70% of Christians believe other religions can lead to heaven, too."***

Again, many may not see that as a big deal, but please understand that they are denying the foundation of true Christianity. Jesus did not say, ***"Hey guys, I am a way, I have some truth and I can give some life, and if you want to get to the Father, I am one of the many ways to Him!"***

No, Jesus said, “... **‘I am the way, the truth, and the life: no man cometh unto the Father, but by me.’**” John 14:6.

That is how quickly this one world religion is coming together and again, I believe it is being promoted by the Pope, as we have seen.

One of the ways that the Pope is doing this is with climate change. It was called global warming but when that didn't pan out, they went to climate change and it is hard to argue that one, because the climate does change.

The problem is that they are using this to promote their global agenda. Listen to what these religious leaders were doing as they came together at the U. N. Climate Change Conference. We are told,

The “Faith and Science: Towards COP26” meeting brought together Christian leaders including Archbishop of Canterbury Justin Welby and Orthodox Ecumenical Patriarch Bartholomew, as well as representatives of Islam, Judaism, Hinduism, Sikhism, Buddhism, Confucianism, Taoism, Zoroastrianism and Jainism. . . .

“The faith leaders who have come here today represent around 3/4 of the world’s population. That is by any measure a significant percentage of people across the globe and that’s why their voice matters so much,” Sharma said after the meeting, which was organized by the Vatican, Britain and Italy.

By working for a cause, be it real or imagined, the Pope has been able to rally together leaders from the faith community and again, this is setting things up for this one world religion and one world government!

Listen carefully to what Pope Francis said regarding this Covid outbreak and what they are using it for.

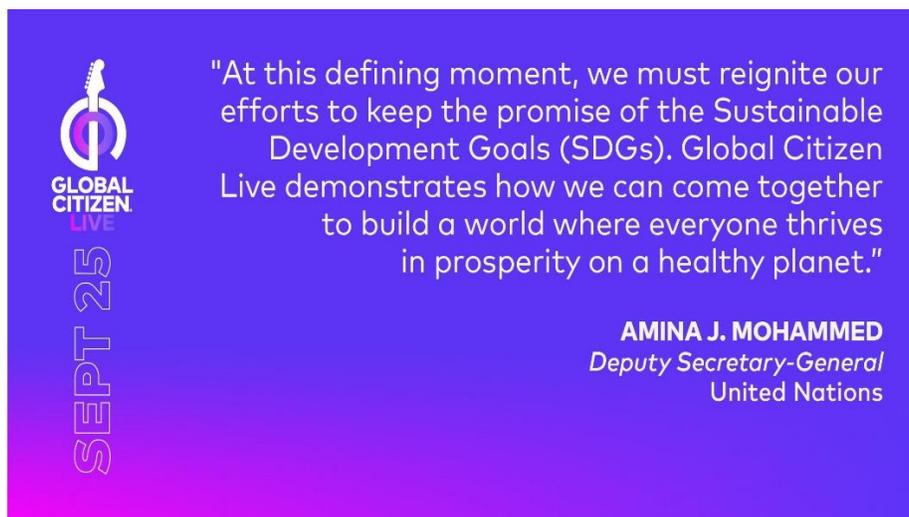

“While many countries are now consolidating individual recovery plans, there remains an urgent need for a *global plan* that can create new or regenerate existing institutions, particularly those of *global governance*, and help to build a new network of international relations for advancing the integral human development of all peoples.”

“This necessarily means giving poorer and less developed nations an effective share in decision-making and facilitating access to the international market.” (bit.ly/314V0TO)

This Covid issue is being used to promote a global governance with an international banking system, and ultimately a cashless society!

As I bring this study to a close, let me show you what leaders around the world are saying about a global government that is being moved along by the global religious system.

Amina J. Mohammed, Deputy Secretary General of the United Nations. “At this defining moment, we must reignite our efforts to keep the promise of the Sustainable Development Goals (SDGs). Global Citizen Live demonstrates how we can come together to build a world where everyone thrives in prosperity on a healthy planet.”

SEPT 25

"At this defining moment, we must reignite our efforts to keep the promise of the Sustainable Development Goals (SDGs). Global Citizen Live demonstrates how we can come together to build a world where everyone thrives in prosperity on a healthy planet."

AMINA J. MOHAMMED
Deputy Secretary-General
United Nations

This is all part of the United Nations plan to control the world through a global government.

Emmanuel Macron, President of France. “Some seem to think that the current crisis is merely an interlude, that the vaccine will take things back to how they were. That is, I believe, a historical mistake. Our growth trajectories have generated highly inflammable inequalities within our very societies, consumed the planet’s natural capital, and exacerbated pre-existing geopolitical tensions. Our answer must be a collective one towards new models. I thank Global Citizens for organizing this major event in Paris, from where I hope the entire world will hear this message: let’s act together to build a fairer and safer world!”

Again, change needs to be made because of this crisis is what he is saying, and that change is a global government to oversee the workings of the people of this world.

And then there is Angela Merkel, German Chancellor. “The COVID-19 pandemic once again reminds us: *Global crises require global solutions*. We must act together to end the pandemic. And we must not forget those who are affected by extreme poverty and hunger. The UN Sustainable Development Goals are and will remain our compass for a better world. This is why, in 2021, Germany will continue to actively work towards the achievement of the Global Goals.”

Again, they are using a crisis, and these crisis's can be real or imagined, to promote their goal of a global government.

And when you think about what is ahead, there is coming a major war in the middle east, famine, monetary collapse, drought, all kinds of things and the world will be looking for a man to step up and solve these problems, and that man will be the Antichrist who will be ushered in by the False Prophet!

We see this played out for us in Revelation 13:11-17 where we are told, **“Then I saw another beast coming up out of the earth, and he had two horns like a lamb and spoke like a dragon. And he exercises all the authority of the first beast in his presence, and causes the earth and those who dwell in it to worship the first beast, whose deadly wound was healed. He performs great signs, so that he even makes fire come down from heaven on the earth in the sight of men. And he deceives those who dwell on the earth by those signs which he was granted to do in the sight of the beast, telling those who dwell on the earth to make an image to the beast who was wounded by the sword and lived. He was granted power to give breath to the image of the beast, that the image of the beast should both speak and cause as many as would not worship the image of the beast to be killed. He causes all, both small and great, rich and poor, free and slave, to receive a mark on their right hand or on their foreheads, and that no one may buy or sell except one who has the mark or the name of the beast, or the number of his name.”**

Here we see the False Prophet lead the world, the religious world, into the worship of the Antichrist. And that can only happen as the church becomes apostate, and we see that before our eyes today as 70% of Christians feel there are many roads to God!

The reason I put this one world government and one world religion together is because they fit into the picture that God has given to us, as we have read. But there is more to come, as we will see.

But make no mistake about it, the Lord is coming back before the start of this seven-year Tribulation Period as the Scriptures tell us. And thus - *MAYBE TODAY!*
